## VIEWS AND NEWS
*By Roy Medby*

TIME WAS when those brilliantly colored objets d'art, the cigar store Indians, were no phenomena of the period, but were part and parcel of the street scene just as familiarly as old Dobbin and the family shay. But now, alas, the cigar store Indian is almost as rare as the state of peace and tranquillity which is now but a happy and lamented memory of the turn of the century.

* * *

YET WHILE the cigar store Indian is a very rare sight indeed, nowadays, it hasn't entirely disappeared. A fine example of the lost art has bobbed up in Palm Springs and, quite rightfully, is attracting more than a whit of attention. It is in the window of Henry A. Simsarian's handsome new plumbing establishment next to the water company offices on North Palm Canyon drive.

* * *

OUR FRIEND Henry has long had a distinct fondness and desire for a cigar store Indian. Not just an ordinary, commonplace sort of creature but a genuine cigar store Indian of the vintage 1900, magnificent in full-blown colors and stately gesture. He has had members of his family in the East on the lookout for such a specimen for some time. At last Henry's papa made the great discovery in a little town back east.

* * *

HOW THE prized object was finally acquired Mr. Simsarian does not tell us. We suspect some means just a little short of actual mayhem may have been employed. But the cigar store Indian, just such a splendiferous, dignified statue in wood as Mr. Simsarian has always wished for, is now his most prized possession. Not being a selfish man, he is sharing his pride and joy with the townsfolk. You can see Miss Pocahontas any time you desire in the window of Mr. Simsarian's store. And if you'll bear in mind that she is Palm Springs' first and only cigar store Indian—we are, of course, not confusing these with drug store cowboys, of which only too unhappily we have our full share—you undoubtedly will be properly impressed.

IT HAS long been a dire suspicion that members of the high school faculty might have fell secrets to hide, skeletons in their closets, that sort of thing, you know. And they have, all right, all right. Imagine the utter debasement of it. Some of the gentlemen out there have actually formed a quartet, a sort of barber shop quartet, mind you, which

## ROTARIANS GO MUSICAL—IT'S THE GYPSY IN THEM

Probably the merriest, maddest meeting the erstwhile sedate and dignified Rotarians have had in some time was that of last week when President George O. Relf had Doctors Henry Reid and Grover Poos bandage up members who had participated in the arduous Vaqueros ride. These and other Rotarians had to do a bit of entertaining. Left to right the tootling tooters and gurgling garglars are H. E. "Pat" Patterson, who almost wasn't in the picture. Austin G. McManus, John Holditch, Charles Farrell, Warren Pinney, Frank Bogert and guest entertainer, Don Martin. Rotarian Barney Hinkle snapped the photo.

## Police To Enforce Parking Provisions Beginning Monday

**START DRIVE AGAINST OVERTIME PARKING, COOPERATION IS ASKED**

**Lenient thus far this season, the Palm Springs police are going to bear down a little on the parking situation beginning the first of next week to help relieve traffic congestion as the season becomes increasingly busy, it was announced yesterday by Chief of Police Lyle Sanard.**

Starting Monday one and two-hour parking, zone parking, U turn and double parking provis-

## Barbers, Beauticians Required to Take Health Examinations

**As result of amendement to the city health ordinance by the city council Wednesday night, barbers, beauticians, beauty operators and others engaged in similar businesses, will be required to take health examinations. All food handlers in the city already are required to have these certificates. Recommendation to increase scope of examinations was made by City Manager Lange. Councilman Bacon L. Cliffton commented, "It's a good idea." Other city fathers felt the same way about it. The amendment passed.**

## Mrs. Harry Rocks, Son, Are Seriously Hurt in Accident

Critically injured in an automobile accident near Riverside early Monday morning were Mrs. Madge Rocks, wife of Harry Rocks, local contractor, and her son, Fred Olderman, 21 years of age. Both are in the Riverside Community hospital with Mrs. Rocks' condition disclosed as particularly serious.

Mrs. Rocks was taking her son to Riverside where he could

## Stella Rooke Buys Embassy Apartments

Important realty transaction of the week was the purchase by Mrs. Stella Rooke of the Embassy Apartments on North Palm Canyon Drive from Mrs. Mary McKinney of Long Beach. Mrs. Rooke has just sold her Casa del Camino bungalow group at 1447 North Palm Canyon Drive to Mr. and Mrs. Axel Linus and Karl Martinius.

Mrs. Rooke's purchase of the Embassy apartments was handled by John Munholland of the Munholland Realty Company. She took possession Wednesday, has changed the name to El Nido and is making several improvements to the property.

## City Victor In Big Test Of Land Use

**ORDINANCE VALIDITY IS UPHELD BY JUDGE MORTON AT RIVERSIDE**

**Far-reaching in effect and of major importance was the ruling by Superior Judge O. K. Morton at Riverside last Saturday on Palm Springs' test case of the land use ordinance which has been in the courts for a year and a half. His decision was of significance not because it was adverse to one local business man but because it established the strength of the land use ordinance which is one of the most important on the city's statutes.**

The case was that of A. J. Jenner, local automobile dealer. In May, 1940, Jenner was found

## Number of Fine Homes Sold By Hicks Office

Purchase of a number of attractive local residences by well-known persons was reported this week by the office of Harold Hicks, active Palm Springs realtor.

Mr. and Mrs. Charles McDonald have bought the W. K. Moore home in Merito Vista tract. McDonald, official of the Hollywood Legion Stadium, two years ago sold his beautiful local residence to Mrs. Harry F. Ostrander of Seattle. He has been a frequent village visitor since, but missed his desert home. Purchase of the Moore residence is the result.

Roy Colegate, city attorney, has bought the Charlotte Gardiner residence in Las Hacien-

## Famous Desert Golf Course Begins Its Season Activities

Pride and joy of Thomas O'Donnell, Palm Springs philanthropist who established and maintains it, of John Kline, its able manager for many years, and of every villager, the O'Donnell Desert Golf Course officially opened for the season Wednesday of this week.

The course is in fair shape, according to Manager Kline, but the rains of a week ago prevented it being in as good condition as last year at the same time. However, it is coming along fast and will be tip-top very shortly.

George Howard, professional at the course, is expected back the middle of the month and Larry Sitter again will be back in the office.

## *Winter Resident Is Round-up Boss Of Desert Riders*

**Directing activities of the Desert Riders, Palm Springs oldest and most exclusive riding organization, for this season will be two popular winter residents. The riders, following their Wednesday morning breakfast excursion, held a brief business meeting during which they chose Bill Schiller, who has been a season guest at Deep Well ranch for many seasons, as Round-Up Boss. Miles Standish Slocum, who has a residence at Smoke Tree Ranch, was chosen vice-president or straw boss.**

## COUNCIL ASKS CHANGES IN INDIAN LAND SALE BILL; DEFERS ACTION ON PUBLIC HEALTH CENTER PROJECT

Revamping of Three Phases of Proposed Legislation Is Requested; Health Center Question Proves Stickler

**Two matters of vital concern to Palm Springs came before the city council at its meeting Wednesday night. One was regarding important changes in the bill now before Congress having to do with the sale of lands of the Palm Springs Indian reservation. The other was the public health center. Action came speedily on the first. But there appeared distinct hesitance to move in the second until Councilman Frank Shannon took the bit in his teeth and got something done.**

**RECENT MEETING**

Introducing the Indian land sales matter, City Manager John Lange disclosed there had been a meeting recently at the Desert Inn of various representatives from the council, chamber of commerce and other local organizations at which it was decided there were some provisions in the bill known as S1863 which "were not desirable."

It was judged best, therefore,

## *Marines Maneuver Speedy Armored Cars About Desert*

It was a satisfying combination of work and play which approximately 100 officers and men of the Second Scout Company, U. S. Marines, from Camp Elliott, San Diego, enjoyed in Palm Springs the forepart of this week.

Commanded by Lieut. R. K. Holderness the stalwart marines came to town Monday night in sixteen armored scout cars accompanied by full train bearing all supplies and a motorcycle escort. The company, only marine group of its kind on the Pacific coast, encamped at the Field Club until yesterday morning when it motored north to continue its maneuvers.

Of particular interest to villagers who visited the Field Club encampment were the armored cars. Speedy affairs, they are heavily armed, thoroughly camouflaged and manned by eight marines. They are the newest thing in armored equipment for the

## *One of Country's Great Sculptor's Becomes Esteemed Addition to Palm Springs Fast Growing Artist Colony*

**It requires genius to give the flowing, living lines of the human form to a piece of greasewood, to hew magnificent figures from ten-foot lengths of eucalyptus, to achieve the many distinctions which have been heaped on Lawrence Tenney Stevens. But then, Stevens is a genius. Or else some of the country's best critics are woefully mistaken. And Stevens has now become the newest addition to Palm Springs' art colony, which grows strongly and finely as the years progress.**

To such friends of Stevens as Paul and Tillie Grimm and Herb Samson does Palm Springs owe partial credit for bringing the great sculptor here. But then, of course, one must remember that it was the attractions of the place itself, the quiet beauty, the climate, the surrounding scenery, which impressed Mr. and Mrs. Stevens so much that they decided to spend this winter here and possibly make Palm Springs their permanent winter home.

**Move From Wyoming**

The Stevens moved here from their picturesque dude ranch, the Double L Bar ranch at Cody, Wyoming, two weeks ago. Through the good offices of the Grimms and Samson they were able to obtain that charming little Cornelia White home, with its delightful grounds just north of the Plaza, as their home. Here the sculptor has a studio. He also

## P. S. Date Market Launches Fifteenth Season in Village

One of the village's most thriving and interesting businesses for the past fourteen years, the Palm Springs Date Market this week is beginning its fifteenth season in most auspicious manner. Those nice people, King and Margaret Gillette are back again to operate the store which is located just north of Safeway on North Palm Canyon drive.

Interior of the store has been handsomely redecorated and the entire front repainted and brightened up. And right now the staff members are up to their necks preparing Christmas boxes of dates and delicacies.

Personnel includes the regulars of many seasons. They are Grace Ruhr, Mayme Rodel and Jimmy Sisk.

## Lions to Present Opening Season Dance Nov. 14

**In the smart Coral Room at El Mirador members of the Palm Springs Lions Club with their ladies and their friends will enjoy themselves at the opening season dance of the club next Friday night, November 14th. There will be special entertainment and music will be by the El Mirador orchestra. Jimmy Henderson is chairman of the committee in charge. The affair will be informal and will start at 8:30 o'clock.**

## High School Takes Over P. S. Theatre For Football Rally

Hotly enthusiastic were the several hundred students, faculty members and village football fans who attended the football rally and special program at the Palm Springs Theatre last night. First affair of its kind ever staged here, the rally was made possible by Earle Strebe, operator of the local theatres.

Strebe extended a blanket invitation to all high school students and members of the faculty

## Social Directors To Meet at Desert Inn This Week-End

Fifty representative social directors from the state's leading hotels will gather in Palm Springs this weekend for the meeting of the Social Executives Association of California at the Desert Inn. Election of association officers for the coming year will be among the important business matters to be acted upon during the conclave. While in the village, the members will be the guests of Mrs. Nellie N. Coffman at the Desert Inn.

On Monday, after a morning business session, the group will be entertained at a luncheon at the Inn. Billie Lipps, president of the association, will also fete the members at a cocktail party

## Plumber Reports New-Found Pals Take for Ride

Sadder and wiser man was Cy Huntley, local plumber, when he came into the police station early yesterday morning to tell a lamentable story of drinking "pals" who took him for a ride and robbed him.

According to police reports Huntley said he was drinking during the evening with two men, one about thirty-five and the other about twenty-five, whose names he did not know.

He parted company with them

## WHEN HANDSOME MARINES TOOK THE TOWN

**Giving Palm Springs a peep at some of the newest of Uncle Sam's fighting equipment, approximately 100 officers and men comprising the Second Scout Company from Camp Elliott, San Diego, came to town Monday night and established their encampment at the Field Club. Tuesday afternoon a group of pretty high school girls, supervised by their equally pretty physical education instructor, Miss Mary Hall, paid a call to the encampment to welcome the good-looking Marines and inspect their new armored cars. # Los Compadres Begin Activities With Sunday Ride

Thirty-one members and guests attended the first of the enjoyable breakfast rides this season of Los Compadres riding club last Sunday morning. John Scott is president of the group which is composed largely of young business people of the town.

The riders found the chuck wagon set up for them out at Burros Gulch which is near Araby Point. From there Compadres rode here and there about the desert, to the canyons and other points of interest.

Members of the organization held their first business meeting last week at the Fiesta House at the Desert Inn. At this time plans for early events were outlined. The season's program will take more definite form at the next business meeting during the third week in November. At that time new officers will be elected.

Special holiday events and a few all-day Sunday jaunts as well as the regular schedule of rides promise Los Compadres an even better year than last year.

## Receives Provisions Of Revenue Act

A copy of the 1941 Provisions of the Revenue Act, which imposes the highest taxes in our history on incomes to provide for the expense of national defense, has been received by Jimmy Campbell, income tax returns advisor, notary public and public stenographer, who has his office at Andreas Inn.

The personal exemption for a single person has been reduced from $800 to $750 and for a married person (or head of a family) from $2,000 to $1,500. There will be a surtax on net income of six percent and a normal tax of four percent. Thus the tax on a single person whose gross income for 1941 is $1,250, will be $42, Campbell says. And the tax on a married person or head of family whose gross income is $2,000, will be $39.

## Christian Endeavor Meets Sunday

By GORDON NICHOLSON

The C. E. holds its regular Sunday meeting again next Sunday evening, November 9, at seven o'clock in the Community church. This is the first of a group of meetings directed by the members themselves, under the supervision of Edmund Boslough, assistant pastor.

Sara McPeak will direct the first meeting of this type and her topic will be on "Great Personalities." There will be a song service before the meeting and all will join in communion. Adjournment will be at 8 o'clock, giving everyone time to be home by 8:30.

**Attention Members**

You are urged to bring new friends and each Sunday make everyone come who can do so. All are invited to attend this fourth meeting of the organization.

The Hallowe'en party was successful with a showing of 58 members at the meeting. Refreshments followed, and a short sermon and prayer was given by Mr. Boslough. Everyone present enjoyed a good time, and the members hope that all 58 will turn up at the meeting Sunday.

# El Mirador Starts 15th Season; Warren Pinney Sees Busy Months Ahead Following Eastern Tour

**Its fifteenth season began yesterday for El Mirador Hotel when, after weeks of preparation, the famous hostelry, as has been the custom in past years, opened without formality. With many important events scheduled for the season, first outstanding event will be the annual Swimming and Diving Meet on the weekend of November 15 and 16.**

This annual affair will, as usual, attract many of the country's finest divers and swimmers to El Mirador's beautiful pool. An added feature will be the style showing of I. Magnin and Company, whose exclusive desert shop is now open in the hotel's main lounge.

Just returned from a six weeks' trip which took him into the major cities of the country, Managing Owner Warren B. Pinney said that the active interest evidenced by travel agents, transportation leaders and former guests and friends whom he met, leads him to believe that "America's Finest Desert Resort" faces one of its busiest seasons.

**Same Staff Back**

Few changes have been made in personnel. Returning are John H. Downey, resident manager; Charles Errington, catering manager; Charles Hill, chef de cuisine; Miss Sue V. Adams, secretary to Pinney; Miss Adelaide Stearnes, chief auditor; Miss Ruth Southworth, housekeeper; H. Moffett Foster, chief clerk; Marion Stevenson, superintendent of service; George Pulina, chief engineer; Charles Blacklaw, head gardener; William Lewin, pool attendant; Tommy and Nan Mack, dance instructors; Aaron MacCoskey, head bartender and Romy Bellevieu, grill and room service captain.

New additions to the staff include Mrs. Isabel Williams, social director; Kenneth McKennon, room clerk; Miss Elaine Fulton, secretary to Downey; Daniel Throp, assistant auditor, and J. R. Miller, night auditor.

## Name Nominating Committee for Boy Scout Group

Appointed Wednesday night to nominate members for the local Boy Scout committee for the coming year was a group of representative local men. They are Paul Russell, Raymond Cree, Lloyd Simon, Harold Lienau and Charles Mathews.

This committee was named at the Boy Scout committee meeting for Troop 39 of Palm Springs at the high school. Presiding was Paul Summers, district chairman. Present also was Carl Helmick, council secretary from Riverside.

Much discussed was the advisability and the possibility of transferring the Scout House from council ownership to that of a local service organization which would sponsor or co-sponsor the local troop. A committee was appointed to investigate this project more thoroughly.

It is stressed that any adults in this district who are interested in doing Boy Scout committee work during the coming year contact any member of the nominating group mentioned just as soon as possible.

## Charming Shop for Children Is Open For Fifth Season

Literally filled with entrancing things for children, the Mary Helen Shop in the Zaddie Bunker building was opened for its fifth season this week by Mrs. Dorothy Stein. Here may be found those charming articles of apparel for the little boy and girl, toys and games and other things which add to the joy of living for the wee ones.

## Steward Cited for Reckless Driving

Frank E. Richardson, 1060 Twenty-third street, San Pedro, steward on a movie notable's yacht, was cited for reckless driving by Police Officer Lee Smith early Wednesday morning.

# Lovely Art Works Shown at New Shop

Rare and costly articles from many countries including fine paintings, sixteenth and seventeenth century tapestries and Dresden, are to be featured by the Works of Art Galleries, a new shop which is opening about the middle of next week in one of the stores of the Carnell Building. It will be operated by V. Moran and D. Darsa.

Particularly striking are the tapestries, some of them of huge size and of remarkable histories. The shop will present rare French Aubuisson and Persian rugs, English needlepoint, silverware, sixteenth century French and Italian brocades, old velvets, fine Persian miniatures and other Persian works of art as well as paintings.

Moran comes here after twenty-five years experience in similar work in Boston and New York while Darsa is bringing the many unusual and treasured things which he had on exhibition at the San Francisco World's Fair. These articles will be placed on sale here because they could not be returned abroad as result of the war.

## Scouts See Mountain Sheep in Area Near To Palm Springs

Rarely seen near civilization nowadays, a large flock of mountain sheep reportedly was observed by a party of Boy Scouts hiking on the ridges north of the Palms to Pines Highway on November 2, according to Hall McAllister, noted naturalist and Palm Springs winter resident.

The boys saw the flock, estimated to have contained about fifteen Bighorn sheep, including rams, ewes and lambs, on Magnesium mountain. They were several hundred yards away from the animals which made off as soon as they noted the approach of the human beings.

**"Imagine me, steering a Destroyer!"**

**"And I've had two pay raises in only eight months! I'll say you can't beat Uncle Sam's Navy!"**

YOU couldn't ask for a greater thrill than that which a fellow gets when he comes back home wearing a trim Navy uniform. The folks crowd around. They all want to know where you've been, what you've done. And man, do you have stories to tell!

**GREATEST LIFE IN THE WORLD**

You're proud. And you should be. For you've been leading the greatest life in the world. And it's a thrill to tell about it, too. A thrill to see the admiration in the eyes of the One and Only Girl as you tell about the first time you steered a Destroyer. Or handled a P.T. Boat at more than 45 miles per hour. Or stepped out in front of your shipmates to receive your first promotion.

And with that promotion came an increase in pay. And there were more to come. Second Class. First Class. And then Chief Petty Officer. Many might even go to Annapolis. Or to Pensacola with the flying cadets!

Exciting? You bet, and fun too. Something doing all the time. Real he-man's stuff. Boxing. Baseball. Football. Swimming. AND MOVIES... previews, too!

**LOOK WHAT THE U. S. NAVY AND NAVAL RESERVE OFFER YOU**

**FREE TRAINING** worth $1500. Nearly 50 trades and vocations to choose from.

# Crashes Four Cars In Early Morning Drive, Is Jugged

There is no question but that should John K. Sweeney, 41 years of age, of Trona, California, ever want to go into the wrecking business, he should be an immediate and complete success. At least police so allege and they point to Sweeney's record of smacking into four automobiles in a brief few minutes early Sunday morning as proof of their contention.

As Police Sergeant Ludwig Braumoeller and Officer Lee Smith, who investigated and subsequently jailed Sweeney on charge of driving while drunk, report it the Trona bookkeeping machine operator was traveling north on Indian avenue at 1:55 a. m., Sunday, when the whole business occurred.

Sweeney, they said, crashed into car No. 1 in front of the Colonial House, shoving it into car No. 2 and wrecking the rear fender of the latter and busting up No. 1 quite a bit. Then Sweeney backed away and started once more to proceed on his way. But he didn't go far. Just a few feet in fact. At this point he ran into car No. 4 so hard that No. 4 plowed into the Colonial House fence, knocking over 18 feet of the fence and a fifteen-inch square post. Car No. 4 sustained a fair bit of damage too.

**Hits Once Again**

Again Sweeney backed away, police reported, and this time he backed squarely into car No. 3, denting its fenders etcetera.

The police came upon the scene about this time and found Arlie Elder, eighteen-year-old youth in the car and quite intoxicated, they reported. Both Sweeney and Elder were taken to the police station, given medical examination by Dr. Russell Gray and pronounced intoxicated, police said.

Brought before City Judge Guy Pinney Elder was fined $25 of which $10 was suspended for sixty days. Sweeney was charged with driving while drunk and later released on $200 bail. He is due to appear before Justice of the Peace Moore at Riverside tomorrow morning at 10 o'clock.

Three weeks late, but here I am. I had to stay in Hollywood until we finished our scenario. And we're starting another as soon as she finishes the picture she is now working on. ROLAND LEE is directing.

The Desert Inn dinner dance Saturday night was a lovely party. This annual affair officially opened the famous hostelry . . . and was in celebration of MRS. NELLIE COFFMAN'S seventy-fourth birthday. . . . ED MARTIN led the entire group in singing "Happy Birthday to You." At MRS. COFFMAN'S table were her two sisters, MRS. EDNA E. COFFMAN and MRS. A. W. BROUGHTON, MR. BROUGHTON. Other dinner parties included the EARL COFFMANS and their guests . . . the GEORGE ROBERSONS in MRS. ELIZABETH ADAMS' party of seventeen. . . . The flash bulbs of BILL WOOD'S camera revealed the smiling faces of the three newly-wed couples: MR. and MRS. WILLIAM MARVIN (Roma White), MR. and MRS. THOMAS KIELEY (Betty Coffman) and Mr. and MRS. EARL NEEL (Jane Lykken), who were included in a party of 21. RUTH WRIGHT, the gracious social director, carried out the Hallowe'en motif both in decorations and favors.

Then to the Field Club bowl where one hundred and fifty fun lovers were "swingin' 'em on the corner" to the western music of BOB GROOM and his playboys. LOU and MARGARET ANDERSON, the charming kids who own the skating rink, were learning the good old square dances, polkas, "put your little foot" and Rye waltz with the merry-makers. LITTLE BEAR looked like a doll. A beaming smile greeted you from a large picture hat with a blue ribbon bow. A hoop skirt, short enough to reveal the ankle length pantelettes, lace and all. Her tiny feet in Mary Jane sandals, completed as cute a costume as you will ever see. A barn dance will be held there every Saturday night. Lots of fun.

FRANCHOT TONE with his pretty blonde bride sipping and chatting in the Chi-Chi with PETER LORRE. AL ROBINSON and his dummy, kept the crowd in peels of laughter.

# Marine Officers Are Given Party at The Colonial House

Much entertained during their stay in Palm Springs this week were officers and men of the Second Scout Company of the U. S. Marines from Camp Elliott, San Diego. High point of their social contacts with villagers was the cocktail affair given by Mrs. Thelma Wertheimer, with the able aid of Roy Randolph, in the smart Crest Room of the Colonial House last Tuesday evening. Officers guests at the affair were Lieutenant Robert L. Holderness, who was in commander of the company here, and Lieutenants G. K. Hooker, John R. Mayer, H. H. Evans, Wm. P. Nye and Joe Ruiz.

# Huge Turnout for Initial Meeting of P. S. Woman's Club

(By RUTH MARTIN)

Nearly one hundred and fifty representative women answered the call of the new president, Mrs. Henry S. Reid, to attend the first meeting of the Palm Springs Woman's Club held on November third.

The clubhouse was resplendent with beautiful floral arrangements and the meeting was conducted with grace and efficiency by Mrs. Reid and her capable recording secretary, Mrs. Clarence Bosworth. All members are entering into the work of the new year with enthusiasm and an earnest desire to make the Palm Springs Woman's Club an organization of real and lasting benefit to the community.

Miss Margaret Foldesy was unanimously chosen to act as corresponding secretary for the ensuing year.

**New Names Presented**

The names of twenty-one women were presented for membership in the club.

Officers of the club for the ensuing year are as follows:

Mrs. Henry S. Reid, president.
Mrs. Bacon L. Cliffton, Vice-president.
Mrs. Clarence Bosworth, recording secretary.
Miss Margaret Foldesy, corresponding secretary.
Mrs. John W. Williams, treasurer.
Mrs. Thos. A. O'Donnell, parliamentarian.
Mrs. Guy Pinney, registrar.
Mrs. Irving T. Snyder, auditor.

Executive Board: Mrs. Thos. A. O'Donnell, Mrs. Henry S. Reid, Mrs. Carl Kumpe, Mrs. Bacon L. Cliffton, Mrs. Clarence Bosworth, Miss Margaret Foldesy, Mrs. Teresa Hicks, Mrs. John Williams, and Mrs. Irving T. Snyder.

**Sections and Committees**

Miss Helen McCallum, Art.
Mrs. Albert Hoffman, Garden.
Mrs. Harold J. Hicks, Welfare and Recreation.
Mrs. Jack C. Hill, Music.
Mrs. Clarence Bosworth, Speakers.
Mrs. Charles Farrell, Red Cross.
Mrs. Bacon L. Cliffton, Program.
Mrs. Teresa Hicks, House.
Mrs. Gordon Nicholson, Membership.
Mrs. Armand Turonnet and Mrs. Rufus Chapman, Flowers.
Mrs. Charles Gardiner, Hospitality.
Mrs. Harrison Leussler, Booklet.
Mrs. John Sprague, Historian.
Mrs. Walter J. Martin, Press.

**Presents Guest Speaker**

In the absence of Mrs. Bacon L. Cliffton, chairman of the program committee, Mrs. Ralph Clock very ably presented the guest speaker of the day, Mrs. Belle J. Benchley, world-famed curator and director of the zoological gardens at San Diego. After Mrs. Benchley's interesting address, the members of the club enjoyed a delightful tea as guests of the executive board, who were the hostesses for the day.

# McAllisters Return To Palm Springs For the Season

Winter residents of Palm Springs for a number of years, Mr. and Mrs. M. Hall McAllister returned to their residence in La Ramble tract the first of this month. Their daughter, Miss Mary McAllister, preceded them and arrived here about October 1.

The McAllisters, residents of San Francisco for many years where Mr. McAllister formerly was connected with the California Academy of Sciences, have lived in Redlands the last few years.

# War Does Not Stop Regular Shipments To Local Store

Bombs may drop outside the door of the shop's parent firm in London and ships may be torpedoed, but shipments of fine tweeds and other costly materials from London to the exclusive Tweeds and Weeds in Palm Springs still keep on coming over regularly each week.

Tweeds and Weeds, operated by Geoffrey Bill and his brother, Richard Bill, opened the first of the month for another season at its usual location in the Plaza. Geoffrey Bill, as in former years, is in charge of the Palm Springs shop while his brother carries on in charge of the Santa Barbara and La Jolla stores of the concern.

**Ancient Family Firm**

During the summer, Geoffrey, who is the representative in this country of his family's hundred-year-old firm, W. Bill, Ltd., of London, jobbers, traveled 15,000 miles in the United States, selling the concern's products. He reported that each week the materials are coming, just as they always have from the London headquarters.

But there has been some pretty touchy period. For instance the occasion when a time bomb dropped near the front of the store and no one was permitted to get in or near the establishment for ten days. Then the daring squad which handles such work, came along and carefully and safely removed the dangerous missile.

Associated with Bill in operation of the Palm Springs store this year are Jane McCallum and Bill Mann.

# Pistol and Rifle Club Elects New Officers for Year

At a meeting last week the Coachella Valley Pistol and Rifle Club reorganized for the new season with Harry H. Mann as president and Floyd Bigley as vice - president. With twenty members joining at the first meeting the shooting season got off to an encouraging start.

The members lining up at the first meeting were C. V. Knupp, E. H. Holcomb, Bert Cameron, Perry Sanders, John Kline, Ray Tomkins, Richard Haas, Perry Brown, Lyle Pressey, Eldon McKinney, Vincent Galzerano, Floyd Bigley, George Lafayette, Reg Jones, C. A. Palmer, George Kreimer, Stanley Morgan, H. W. Dorsett, Harry H. Mann, Leland Yost and Pat Bennett.

Losing no time in starting a shooting program for the season it was voted to hold a .30 caliber shoot this coming Sunday, November 9, at the club range located in Palm Canyon wash above the Indian toll gate. All persons interested in shooting are invited to come out and watch the program.

**Turkey Shoots Planned**

Highlight of the fall shooting program will be the turkey shoots scheduled to start Sunday, November 16, and continue every Sunday throughout November and December. Shooting will start promptly at 9 a. m. and continue as long as the public, which is cordially invited both to participate and attend, wishes.

Chief of Police Lyle Sanard was the person who solved the problem of having a centrally located range where the shoot can be held by donating the use of the new police pistol range located next to the site of the old Barn night spot. Several turkeys or turkeys and fryers will be put up in each squad for first, fourth and sixth places so that shooters of all grades will have a chance to win birds. The limit will be two turkeys per person per shoot. Shooting will be at 50 and 100 yards with small (.22) and big bore rifles.

In the village over night this week enroute to Arizona to open the Arizona Inn were its manager, Natt Head, and its assistant manager, Robert Pitney. They were guests at the Desert Inn.

# Famed Baritone Pays Tribute to His Country in Beautiful Hymn To Be Sung in Armistice Day Observance

On the eve of Armistice Day, which has always meant so much to Americans, Gilbert H. Wilson, noted baritone, will be heard in patriotic songs which will feature a special Armistice Day observance at the Community church next Sunday morning at 11 o'clock.

Wilson is composer of the "Fire Fall," inspired by the event which takes place in Yosemite Valley each evening during the summer. He sang at the Community church social Tuesday evening and next Sunday at the morning worship hour will sing, "Hymn to America."

On July 4, 1918, Wilson led the singing in the Plaza of the Capitol in which President Wilson, his Cabinet, Congress and some 50,000 American citizens participated.

**Thrilling Words**

Following are the lines of his splendid hymn:

America, America,
Land of the brave and free.
Our manhood strong and mighty,
Shall stand for liberty.
With faith and true devotion
To thee our flag unfurled
March onward and forever
Till truth shall rule the world.

America, America,
Thy martyrs sun shall rise
To shine upon all nations,
Where prostrate freedom lies
O may our hearts united
Be ever true to thee
For American our homeland
Our praise shall ever be.

America, America,
God give us joy to serve,
To follow where Thou leadest
Our nation to reserve
Far flung the voice of freedom
Shall ring from sea to sea,
Till right shall rule all people
And God shall make men free.

Long live America,
Your land and mine.
Long live America,
We worship at thy shine.
All hail America,
Hail, All Hail.

## Seaton Has English Officer as Guest Last Weekend

Far from war chaos abroad, Squadron Leader Greaves of the R.A.F. revelled in the desert quietude last weekend as the guest of Bill Seaton, erstwhile villager, who now is doing important training work at Bakersfield.

Seaton, former Palm Springs contractor and police chief, is chief of operations at the school of advanced training for officers who later enter the British combat service. There are only two such schools in the country, the other being at Tulsa, Oklahoma.

Seaton, who had a long and fine record of flying during the late World War, is recognized as a top man in his line. He has been coming here almost every weekend from Bakersfield to be with his family at their ranch at Palm Village. This past weekend he brought with him the English officer who has been viewing accomplishments at the Bakersfield school.

# Four Star Picture Is Being Shown At Plaza Theatre

Rated a four-star production by Beverly Hills in his Movie Guide for Liberty magazine, the picture, "The Little Foxes," is being shown at the Plaza Theatre four days beginning today (Friday) it was announced by Manager Earle Strebe.

This is Sam Goldwyn's first production in a year and a half and stars Betty Davis and Herbert Marshall. The picture was directed by William Wyler.

There are five members of the New York cast in this picturization of the drama written by Lillian Hellman, which ran 736 times in New York, and although they gave remarkably fine performances, Bette Davis is said to eclipse them with one of the most superb in her notable career.

**In Spy Thriller**

For the Palm Springs Theatre for Thursday, Friday and Saturday of next week, Strebe has booked another noteworthy film, a spy saga called "International Lady," released by United Artists.

In this production Edward Small presents a spy story of no small proportions, laid against a background of London, Lisbon, New York and Long Island, that is as contemporary as this very minute.

George Brent is an American G-Man, posing as a lawyer connected with the United States Embassy and Basil Rathbone is a Scotland Yard detective posing as a musical critic. Both are interested in Ilona Massey, a famous singer, whom they suspect of espionage.

# Village Featured In Insert Map of Westways Magazine

Emphasizing Palm Springs as one of America's premier desert playgrounds, Western Magazine has the city prominently placed on an insert map published in the November issue of this official publication of the Automobile Club of Southern California.

Planned as a guide for winter recreationists, the theme of the issue is embodied in the phrase, "Winter Fun in Snow and Sun," according to F. E. Moulton, manager of the club's Riverside office.

Stories of where to go and what to do are features of the novel and interesting publication. Information about the local area is provided in the timely edition.

**CHRISTIAN SCIENCE CHURCHES**

"Adam and Fallen Man" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The Golden Text is from Ephesians: "Put off concerning the former conversation the old man, which is corrupt according to the deceitful lusts; and be renewed in the spirit of your mind."

Among the Bible selections are these words from Isaiah: "I am the LORD, your Holy One, the creator of Israel, your King. . . . I, even I, am he that blotteth out thy transgressions for mine own sake, and will not remember thy sins. . . . Yet now hear, O Jacob my servant; and Israel, whom I have chosen: . . Fear ye not, neither be afraid: have not I told thee from that time, and have declared it? ye are even my witnesses." And from Philippians: "Do all things without murmurings and disputings: That ye may be blameless and harmless, the sons of God, without rebuke, in the midst of a crooked and perverse nation, among whom ye shine as lights in the world."

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy state: "The offspring of God start not from matter or ephemeral dust. They are in and of Spirit, divine Mind, and so forever continue." "When man is spoken of as made in God's image, it is not sinful and sickly mortal man who is referred to, but the ideal man, reflecting God's likeness."

## DELIGHTFUL PATIO AT HOTEL THE OASIS

One of Palm Springs' top ranking hostelries for many years, Hotel The Oasis will start its new season tomorrow. It is under the management of Mr. and Mrs. George Linde. View above is of an interior patio and shows some of the varied recrea ional facilities and a glimpse of the grounds which are among the most beautifully planted in Palm Springs. The hotel added a handsome, large swimming pool and two attractive guest cottages last season.

# Reservations at Hotel The Oasis Far Ahead of Last Year, Says Linde, As Hotel Opens for Another Season

**With Hotel the Oasis, one of Palm Springs' most beautiful hostelries, in readiness to open its doors tomorrow, (Saturday) for another season, Managers Mr. and Mrs. George Linde disclosed that reservations for November are ahead of those for the same month last year. Taking into consideration other factors, they expressed belief this season will be most successful.**

Various noteworthy improvements year after year, particularly last season, have made the hostelry one of the finest in Southern California. It long has had a nation-wide reputation.

**Fifteenth Season**

Mr. and Mrs. Linde have been with the hotel since 1927, which makes this their fifteenth season. Virtually all of the regular staff members are back and there are several new faces.

The personnel is as follows: George Oliver, day clerk; Elmo Reay, new member, bookkeeper; Gordon Buchanan, night clerk; Jack Hillery, bell captain; Esther Manbeck, housekeeper; Mollie White, head waitress; Kay Osman, chef, new member, who will be assisted by his wife.

Mollie White is starting her eleventh season at the hotel and thus, next to the Lindes, has put in the longest period on the staff.

Among the important improvements at the hostelry last season were the fine, big, blu-turquoise swimming pool with its latest type heating and filtering systems; two commodious, deluxe bungalows and redecoration of various older structures of the hotel.

# Popular Song Writers Entertain In Crest Room

After finishing the musical score for the Universal picture, "Melody Lane," song writers Jack Brooks and Norman Berens return to the Colonial House to entertain in the Crest Room.

Two of their songs have already been popularized. "Once Upon a Summertime" was sung by Dennis Day on the Jack Benny program. Skinnay Ennis chose "Thumbs Up" as a hit tune and is using it in his band.

Brooks and Berens are well known in Palm Springs. This is their third season with the Colonial House and the Dunes Club. They were featured in the Vanities Show which proved such a success in last year's Desert Circus celebration.

The Crest Room, which has been rebuilt, is a popular and inviting spot to relax. The boys will be glad to answer requests for special numbers.

# World-Famous Woman Curator of San Diego Zoo Speaks to Palm Springs Woman's Club Members on Monday

By RUTH MARTIN

**It was the unusual privilege of the assembled members of the Palm Springs Woman's Club to have as guest speaker at the initial meeting held on November 3, Mrs. Belle J. Benchley of San Diego, who has the distinction of being the only woman curator and zoological director in the world.**

Mrs. Benchley was a teacher for three or four years in her early life prior to her marriage and rearing of a family. She was over forty years of age when she entered the work at the San Diego Zoo, and was without training in her chosen field—a most remarkable history even in this day of career women.

**Explains Zoo Function**

Contrary to the conception of the average person that the zoo has entertainment value only, Mrs. Benchley explained the various functions which the zoo performs in assisting schools and laboratories in medical colleges where research work is being done in diseases common to man and animal. Scientific bulletins are issued regarding reptilian and wild life; advance work is done on treatment with anti-venom for rattlesnake bite; the United States Bureau of Health uses the laboratory and staff for investigation of contagious diseases in domestic animals.

Many amusing incidents in the life of animals at the zoo were related by Mrs. Benchley and she also gave a clear presentation of its value in character building for children and general value to the community in which it is established, from the standpoint of publicity.

In addition to her many other accomplishments, Mrs. Benchley is the author of the well known book, "My Life in a Man-made Jungle" and a second book will soon be off the press of Little, Brown & Company, entitled "My Friends, the Apes."

## Steak Dinner for Los Compadres and Guests Thursday

With the object of getting members and prospective members better acquainted, Los Compadres riding club had a steak dinner last evening in Eagle Canyon near Cathedral City. The crowd met at Araby Stables and rode out from there. Used with efficiency was the club's well-equipped chuck wagon. And besides the excellent food, there was singing, western music and entertainment.

# Desert Attractions Lure Guests To Casitas Del Monte

From many parts of the country have come visitors to enjoy November days in Palm Springs as guests at Casitas del Monte.

Among prominent persons registered there are Mr. and Mrs. John B. Rauen of Los Angeles, who are old friends of Tony Burke, manage of the hostelry. Rauen is an important manufacturer of defense materials.

From Berkeley is O. S. Rhea, a guest of the hostelry during former seasons and now here for a rest. He also is a prominent manufacturer of defense products.

Gerald A. Skinner, director of Bullock's concern in Los Angeles, is here to cure a cold, while Mr. and Mrs. Edward Bryan Smith have come from Lake Forest, Illinois, to spend two weeks here, this being their first visit to the desert. They are spending much time riding and driving about the desert.

Adolph Spreckels of Beverly Hills, with his daughter, Lois, aged seven, are other guests. Both are doing considerable riding and Lois is utilizing her astounding swimming skill in the hotel's fine pool. Visiting them ths week was Mrs. Geraldine Spreckels of San Francisco. The Spreckels are accompanied by Mr. and Mrs. Donald Walsh of Bel-Air.

Another guest at Casitas Del Monte is Mrs. Maude J. McFadon of Carmel.

## City Manager Submits Monthly Report To Council

Monthly report of City Manager John Lange, submitted to the council at its Wednesday night meeting, show that eighty-eight business licenses were issued from the clerk's office during the month of October. Of this number twelve were for dance, ten for cafes and restaurants and eight for contractors.

Total city collections for the month were reported at $5,-895.82 of which $69 is for special street improvements. The largest single collection was $2,267.50 received from the State Controller for the city's share of liquor license fees. Total disbursements for the same period were $8,-392.66. The balance of all funds at the end of the month was $32,-883.93.

The building inspector had a very full month, the report shows, his activities including approximately 300 inspections covering some 40 electrical, 20 sign and 200 building jobs.

**Judge Pinney Busy**

New cases filed during the month in the office of the city judge included three civil, two small claims, nine criminal and seventeen traffic. Fees and fines collected amounted to $350.

Five fire calls were made during October. Seventy-two permits were issued to burn debris. The new resuscitator, which was purchased by the fire company at no cost to the city, was received and is a valuable addition to the fire equipment, the report states.

The police department handled a total of sixty-seven cases during the month and investigated one hundred and fifty complaints. There were thirty-five arrests.

On two occasions during the month the ambulance was required for automobile accidents, the report points out.

Activities marked the beginning of the general street clean-up by the street department throughout the city. Approximately thirty miles of dirt streets were graded. Work to be done by the city on MacCallam Parkway was completed.

**New Accounts Added**

Three hundred and twenty-five new accounts were added by the waste disposal department during the month, bringing the total to seven hundred sixteen. There were one hundred ninety-nine loads hauled covering over twenty-four hundred miles.

Activities of the recreation department included three bicycle hikes for boys; softball league games, weekly community bridge parties, tennis competition, supervision of newsboys.

During the month sixty-two food establishments were inspected by the health and sanitation department, and thirty-four food permits approved. Most of the month was devoted by the sanitary inspection to physical examination of all food handlers. There were seventy-four cases handles.

Mrs. Madge Holderman entered on duty October 14th as county health nurse here.

## Information on Xmas Packages Is Received

Information for sending Christmas packages to foreign countries has been received at the local postoffice. The orders give weight limits, dimensions, and packing instructions. Ordinary pasteboard boxes are inadequate, the orders state; canvas, heavy cardboard and corrugated cardboard are advised. Each package must be prepared with proper regard for its contents.

Besides packing instructions, the postoffice has a list of the latest dates on which packages must be shipped from New York to reach their destination before Christmas.

is establishing another at an Indian avenue location where he will both work and give instruction.

Stevens is really a marvel of versatility. He works in almost any material and his creations are truly superb. Some of his work may be seen on the lawns fronting his home here. Others may be seen in parks, great galleries, in homes of wealthy people and sundry other places throughout the country and abroad.

**Superb Training**

Stevens has the advantages of fine training. Born in Boston, Massachusetts in 1896, he studied at the Museum School of Fine Arts, Boston, with Bela Pratt and Charles Grafly, also the Normal Art School there. In 1922 he was awarded the "Prix de Rome," one of the top honors in the art world, and spent the following three years at the American Academy in Rome, Italy, with its attendant travels to Greece, Egypt, Constantinople and other art centers in the Near East.

He did some notable work abroad and more following his return to this country in 1926. In 1928 he was invited to Morocco for the winter and carved some portraits there which added considerably to his fame.

Since then the years have shown him acquiring greater and greater note. The Eastman Kodak Company chose Stevens to make the medal model for their international competition to be given in gold. He has executed numerous portrait heads in bronze and silver. He has carved two colossal portrait busts in four-ton pieces of grazzones-en-terre stone of the poets, Charles Erskine Scott Wood and his wife, Sara Bard Field for their estate at Los Gatos.

**Does Mighty Figures**

In 1933 Stevens designed three plaques, six feet high for Yellowstone National Park, Wyoming, to mark newly named mountain peaks. He did a magnificent black ceramic "Panther" for the Musical Hall Rockefeller Center, New York.

In 1936 he was called to the Texas Centennial Exposition in Dallas to take charge of creating the sculpture for the exposition. He created six large pieces consisting of three twenty-foot figures for the Esplanade of State, two pylon figures, male and female, twelve feet high at the head of the 750-foot reflecting pool and an animal fountain 25 feet high in front of the livestock building. These are all permanent in cast stone.

**Work for Fairs**

In 1937 Stevens received his commission to do a group of sculpture for the New York World's Fair in 1939. It is called "The Tree of Life." He carved a figure 60 feet high out of a historic elm tree grown in South Windsor and other great statues which will remain as a permanent monument in the park where the Fair was held.

While carving the eucalyptus statues in California, Stevens received word that his model had won the national competition for a group of sculpture to stand in front of the Fine Arts Building at the Los Angeles County Fair grounds in Pomona. It is twelve feet high in cast stone, dedicated to the young farmers of America.

Two ceramic life-size sea lion fountains done by him are in the patio at Scripps College, Claremont.

**Now Tries Desert Woods**

A dynamic personality and tireless worker, he is busy now creating some most unusual figures in desert woods, such as greasewood, and in eucalyptus as well as in clay and other more usual mediums.

One of his most interesting accomplishments is a remarkable series of 85 block cuts which tell an engrossing story of a big game hunt in which Stevens participated in the Wyoming Rockies.

## Trio Buys Casa Del Camino From Mrs. Rooke This Week

Although Mr. and Mrs. Axel Linus and Karl Martinius have seen many of the beauty spots of the world, it was not until they saw Palm Springs that they found the place for their permanent residence. And the result was their purchase this week of the attractive Casa del Camino bungalow group at 1447 North Palm Canyon drive from Mrs. Stella Rooke.

The property is located between Palm Canyon drive and Camino del Norte and is one of the most beautifully located in the village. It consists of eight units in four bungalows and was constructed but a few years ago. Following sale of this property Mrs. Rooke bought the Embassy Apartments, also on North Palm Canyon drive.

**Widely Travelled**

A visitor here from Sweden in 1940, Martinius at that time thought of purchasing a place in Palm Springs and seriously considered Casa del Camino at that time. After he left Palm Springs he travelled extensively throughout the United States, spending much time in Florida and other favored spots. But Palm Springs proved to have too many attractions. He returned here to find the place he desired.

The splendor of the mountain and valley views, the place itself appealed to him so he selected the Rooke property. He showed it to Mr. and Mrs. Martinius, who immediately fell in love with it. And the purchase shortly thereafter took place.

Martinius formerly was in the real estate business in Sweden for many years. He still owns several apartments and other property in Sweden. For a number of years he has travelled much in Africa, France, Italy and other countries. But he thinks Palm Springs "is one of the most wonderful, if not the most wonderful of all to live in."

**Famous Artist**

Mr. and Mrs. Linus have a place at Snow Creek Canyon where they have resided since last February. Linus is a famous Swedish American artist and formerly lived in Chicago for many years. He attended the Royal Academy of Arts in Stockholm, Sweden and studied in Paris. His paintings have been exhibited in many famous galleries, among them being the Chicago Art Institute, Brooklyn Art Museum and Los Angeles Museum.

At Snow Creek he has an attractive studio where he is continuing his notable work. He also will do artistic endeavor in Palm Springs inasmuch as he and Mrs. Linus and Martinius will manage their new property jointly.

ions will be enforced, the Chief warned. Citations will be issued for all violations.

The one and two-hour parking regulations apply mainly, of course, to the downtown area on Palm Canyon Drive and Indian avenue. All of these areas are designated by signs. Similarly various zone restrictions are plainly marked so there will be no excuse for violations.

**Park Off Main Streets**

As in previous years, the local business people are being asked by Chief Sanard to cooperate in the parking campaign. As much as possible they are asked to park their automobiles off the two main streets. The chief stressed that it is to their own advantage that this be done because it permits customers to carry on their business without having to spend much time finding parking space.

In order to enlist this cooperation the police chief is visiting all places of business along the main streets today and tomorrow asking the business people to give their support.

The chief has written to the state highway department asking for pedestrian signs to be placed at the three main crossings at Amado and Andreas roads and in front of King's drug store.

"I don't mind your naming me Alasper Smith, mother, but why Alasper Y. Smith?"

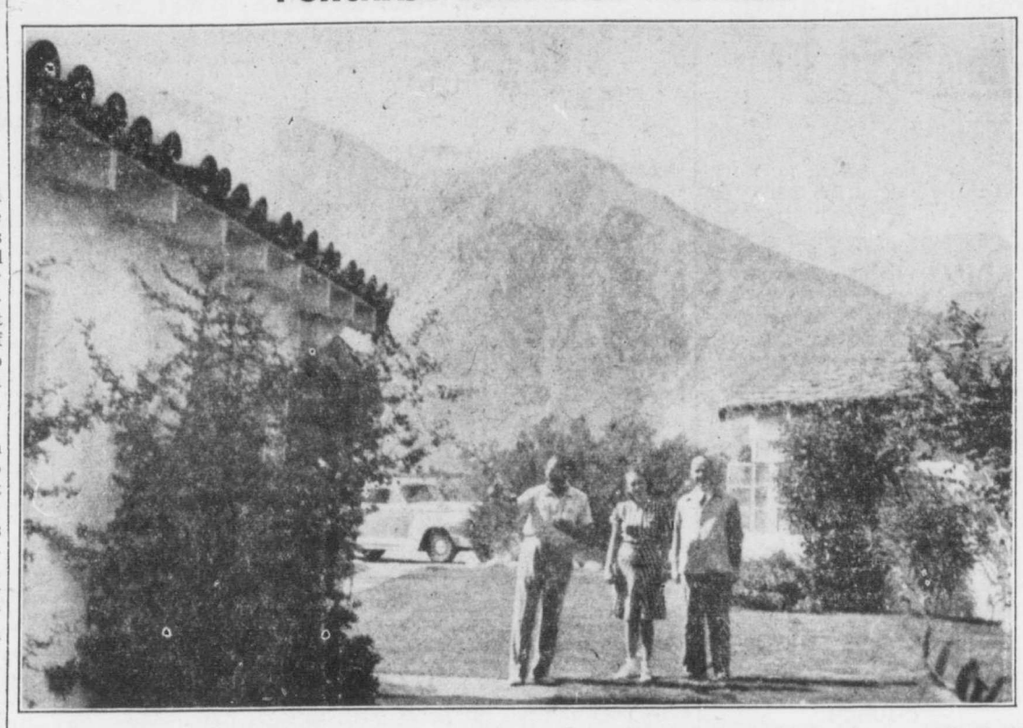

"Why, after Shakespeare's hero, of course. Surely you know of Alasper Yorick!"

## PURCHASE BEAUTIFUL HOSTELRY

**One of the most splendidly located hostelries in Palm Springs, Casa del Camino at 1447 North Palm Canyon Drive, was purchased this week by Mr. and Mrs. Axel Linus and Karl Martinius from Mrs. Stella Rooke. The three have taken possession and will operate the property jointly. Linus is an artist of note, and Martinius, who has traveled widely throughout the world, was formerly in the real estate business in Sweden and has extensive holdings thre. The three are shown here, left to right, Linus, Mrs. Linus and Martinius.**

## VIEWS AND NEWS

(Continued from First Page)

they propose to inflict on our innocent young children at assembly times and other such occasions.

* * *

THE FOUR brash gentlemen, we are given to understand, are H. E. Greeley, Wood Glover, Max Vaucher and Paul Summers. To top off the whole thing Morris Richardson, superintendent of the high school district, is manager of the quartet. We understand too, that the entire project is being foisted on the unsuspecting high school student body without any warning or preparation whatsoever. That seems to us to make the entire undertaking doubly shameful.

* * *

THERE HAVE been unfortunate incidents in the past of roaming dogs attacking and injuring other smaller animals and frightening children. We believe everyone agrees that dog pets should be kept within their own yards and not permitted to wander about at will, particularly canines with vicious natures.

Latest such occurrence nearly cost the life of a Boston bull owned and loved by Clema Granger. A huge Great Dane was outside Mrs. Granger's door the other evening when she let her dog out the door for an airing. The large animal viciously set upon the smaller dog and slashed it up badly before Mrs. Granger could come to the rescue and, with the aid of a neighbor, beat off the big canine. Mrs. Granger's dog had to be taken to Dr. Pritchard's hospital for treatment and still remains there. Fortunately it will recover. But just a little more care and thoughtfulness on the part of owners of such animals will prevent occurrence of other such incidents which are so heart-breaking to people who own and love dogs.

* * *

MOST RIBBED chap on the police department is Elmer Taunton, who recently joined the local force after serving three years with the Indio department. Officer Taunton, it is claimed by Sergeant Ludwig Braumoeller, Leroy Hall and others of the force, has gone Palm Springs in a big way. Recently the new man had the pistol grips of his revolver removed and replaced with beautifully carved figures of a long-horned steer, fashioned from elephant ivory.

* * *

THOSE NEW grips loom out like a lighthouse. Every time the boys see Elmer coming along the street they take pains to call attention to his new adornment. "Now just turn this way," will say Braumoeller, "let the light shine on those grips so folks can see them better." But Taunton is a game feller. He grins and proclaims, "Say, they had to kill an elephant to make these things."

* * *

IN THIS WEEK'S mail came a letter from Jack Meaney. It has been a considerable time, two or three years in fact, since we have seen or heard of Mr. J. E. Meaney, who is city commercial manager for The Western Union in Los Angeles. That letter was fun. In it Mr. Meaney was "reminded of a midnight tramping party several years ago, involving a newspaper man, (that was we), an ex-telegraph operator (that was Meaney) and a prospector (and that was Lee Miller), wherein they were enjoying themselves in the heat of a midnight moon, in the patio of Del Tahquitz, enjoying some highballs, when they were aroused with the idea of going down to Chi Chi."

* * *

SENOR MEANEY rambles on, "they secured a supply of tinned beer, after consuming a highball or two, and then proceeded to the Hills of Araby and entered the cabin of the prospector." Well, Mr. Meaney goes on from there and tells how that newspaperman's car got stuck in the sand to the floorboards on the return trip. The result was the two, there were only two of them left now, Miller having decided to remain home, were marooned until day broke. They got back to the hotel about 5:30 a. m. and as Meaney reminded "entered the rear entrance of the Tahquitz and went to sleep."

* * *

WE ARE happy to hear from Mr. Meaney and remember the episode he mentions. But having related a somewhat similar desert stranding recently we are a little loath to bring this one up. First thing you know people around here will think we make a practice of both highballing and getting stuck out in the desert reaches.

and started home about 3:45 in the morning. As he neared his residence on Calle Chia the two men drove up, forced him into a car and drove away with him. Between here and Cathedral City, where they dumped him out, they took between $55 and $60 from him, Huntley reported.

He said they continued on toward Indio after first mentioning they were "headed for Amarillo, Texas." The case was turned over to the sheriff's sub-station at Indio for investigation.

Screen notable William Powell last week acquired the Esther Pearson home in Las Palmas Estates. Miss Pearson has been a resident here for twenty years. After disposing of her Las Palmas property she bought the R. H. Adams house on Baristo Road to be her residence.

The Charles Burket residence on Racquet Club Road was purchased by Ted Rogers of the Rogers Investment Company of Beverly Hills for a winter home.

Another sale was that by Mike Flavin of the Hicks office of the southerly 55 feet of the Jack Grove property on South Palm Canyon Drive to Mr. and Mrs. E. W. A. Peake, who built a lovely home here two years ago.

# Various Events Are On Calendar For Community Church

Successful affair indeed was the after-vacation social held at the Community church last Tuesday evening. Special guests were the public school teachers of Palm Springs, more than two-thirds of whom were present. Those handling the arrangements were Mrs. Leroy Hooker, Mrs. Jack Hill, Mrs. Hans Hansen, Mrs. John Williams and Mrs. A. J. Jenner.

A large group of the high school young people are planning to attend the Riverside County Christian Endeavor convention at Corona tomorrow, Saturday evening.

Beginning the evening church services at the church for the season last Sunday was Mr. Beatty of the China Inland Mission. The meeting was well attended. His colored pictures were enjoyed very much.

**His First Sermon Here**

Next Sunday at 8 p. m., the new assistant pastor, Edmund Bouslough, is speaking on the theme, "What Think You of Christ?" The discussion is particularly appropriate for this time. This will be his first sermon in Palm Springs.

On November 23, Raymond Joyce will bring an illustrated service entitled, "Among the Moslems of Central Asia and West China."

Young people of the church again have undertaken the selling of Christmas cards. Last year they were able, from the profits, to buy hymn books for their society. The goal this year is a new Christian flag for the Sunday school and the starting of a fund to send some of the young people to the mid-winter conference at Forest Home. The cards are very nice and reasonably priced.

# Villagers To Enjoy Smorgasbord Again At Swedish Inn

Offering even more of those special delicacies which go to making up the delicious Smorgasbord, Al Pearce's interesting Swedish Inn at 1171 North Palm Canyon drive opens tomorrow night, Saturday, for its second season.

G. H. Lorstedt, the capable manager, devoted his summer to the fine purpose of gathering large stocks of imported delicacies to be served at the Inn this sesaon. Most of these palate pleasers are now almost impossible to obtain because of war conditions.

Manager Lorstedt was head waiter at the Swedish Inn last year. The famous chef of the restaurant formerly was with the Grand Hotel Royal of Stockholm, Sweden. He has added several new Swedish dishes to the menu this season.

The Inn is one of the most distinctive eating places in the village, its decorations being particularly noteworthy. It became one of the most popular dining places in the town in its first season.

to stage their rally and the gang responded with enthusiasm. Strebe booked the new picture, "Tom Harmon of Michigan," particularly for the occasion. Features included the stage appearance of the two attractive girl yell leaders of the school, news reel and comedy and other entertainment.

All this was, of course, to preface Palm Springs' crucial test of the season, the football game this afternoon at 2:15 o'clock at the local field with Beaumont high school. The game will decide the league championship, Palm Springs having won all of its six games to date.

# Volunteers Prepare Christmas Seals

Volunteers are at work folding seals, letters, and stuffing envelopes in preparation of the 1941 Christmas Seal Sale, according to Mrs. Maurice Libott, chairman of the local branch of the Riverside County Tuberculosis Association.

"National health is an important part of our National Defense and carrying forward the work of combatting tuberculosis becomes increasingly necessary in a war crisis," says Mrs. Libott.

**Many Cases Aided**

During 1941 in the Riverside County, funds raised from the purchase of Christmas Seals uncovered many hidden cases of tuberculosis among more than 700 suspected examined at chest clinics in all sections of the county according to Mrs. Libbott.

It also made possible a widespread program of health reaching 17,000 children and adults with sound films, talks, exhibts, and literature. The funds helped furnish the services of a tuberculosis nurse and provided many x-rays and tuberculin tests.

Residents of Palm Springs will receive their Christmas Seals on November 24.

**When a Los Angeles photographic expert took to the air two weeks ago with a $9,500 camera to obtain aerial views of Palm Springs, Doc Waughop, who operates the Big Horn Studio, and George Strebe, local flier and service station manager, decided to see what they could do. They didn't have any $9,500 camera. In fact, the one Doc used cost more like a hundredth of that amount. But he and Strebe brought back some excellent views, one of which is shown above. This one happens to feature the Earl Gibbs estate and is illustrative of the clearness of detail obtained by the local men.**

# Council Asks . .

(Continued from First Page)

to ask the city council to pass a resolution pointing out the three points desired to be changed. The resolution was passed and copies sent as directed to the U. S. Senate, the senator from this district, the Indian Affairs Committee and others primarly concerned.

It was emphasized that there are some 30,000 acres of land in the Palm Springs or Cahuilla Indian reservation and that in excess of 5,000 acres of it lie within the city of Palm Springs.

**Changes Sought**

Changes asked in the bill are as follows:

(A) That there be no unrestricted leasing of Indians lands as presently provided. (The change would obviate possibility of there being recurring trouble concerning land use and similar questions).

(B) That the period of three years provided for in the bill during which certain lands are to be set aside as a national monument is entirely too short. (It is believed that perhaps fifteen or even twenty years may be necessary to accomplish this great objective in most satisfactory manner).

(C) That the southwest corner of Township Section Two should be included among the lands for the proposed monument inasmuch as it is part of the entrance to Andreas Canyon.

**Passes Unanimously**

The resolution was passed unanimously with but brief discussion.

The health center proposition came up when City Manager Lange read a letter from the secretary of the planning commission relating to the recent zoning board hearing and its action approving three locations, the Lawlor property on Belardo Road and the Gray and Gautiello properties on Indian avenue, as suitable sites for the proposed public health center and giving the city permission to go ahead.

Councilman Cliffton said that so far as he could see no action was required and he believed the council had no jurisdiction insofar as that particular report was concerned.

**Asks Further Study**

Councilman Ray Sorum, who had resigned the chair as acting mayor to Councilman Frank Pershing, because of a severe cold, said "I feel that this is one of the most important matters to come before the council in a long time. I would like to see the matter postponed at least until the next meeting.

It was again asserted by Cliffton that there was nothing before the council to consider.

Shannon thereupon expressed belief that there was something for the body to consider, that the action of the zoning board had cleared the way and that it was now up to the council to act.

City Manager Lange said probably the first thing to do was to see what locations were now available and at what prices. He pointed out the city had option on only one property.

**Insist on Action**

Largely because of the insistence of Councilman Shannon and Acting Mayor Pershing the matter was handed to the general committee to make investigation and recommendation on location and plans for the building and to report back at the earliest possible time.

A new section for the city traffic ordinance was proposed. It provided for no U turns at Palm Canyon Drive and Andreas Road and for no parking on Indian avenue from Andreas to Tahquitz and from Chino to Alejo on the west side of Palm Canyon Drive opposite the elementary school.

After much discussion it was decided to change the section to provide for no U turns on the Andreas approach to Palm Canyon Drive but not to prohibit U turns on Palm Canyon.

The section was introduced and read for the first time with this and the parking provisions.

**Appropriate $1,000**

An ordinance appropriating $1,000 for the chamber of commerce to be used for promotion, advertising and publicity for the town was introduced and read.

The was no objection to liquor license application by Hotel Del Tahquitz, Casitas Del Monte, the old pool hall on Andreas Road (for beer only) and the Palm Springs Tennis Club.

Four dance applications were given favorable action. Rogers' Inc., operators of Rogers Stables, were granted a permit to hold an indefinite number of dances, Palm Springs Bowl permission for not exceeding three dances weekly; El Mirador Hotel for dances every Saturday night beginning November 8 and until December 15 with dancing nightly from thence on to April 10; Palm Springs Lions Club for a dance at El Mirador November 14. In the case of the Lions Club dance the regular fee was waived inasmuch as the net proceeds of the affair go to furnish glasses and eye treatments for school children.

**Endorses Program**

Appearing in behalf of the Lions Club, Maurice McCann, chairman of the civic improvement committee of that organization, strongly thanked the city for its support of the recreational program, lauded the work of Dick Taylor, city recreation director, and emphasized the earnest desire of the Lions Club to continue cooperating in every way possible. He was thanked by Acting Mayor Pershing.

A letter was read from the city planning commission to the effect that body is making a survey seeking to see what may be done to limit the number of service stations on Palm Canyon Drive. This is in accordance with a recent request from the city council.

From the Hemet Turkey Show came invitation to the the mayor and city fathers to attend that interesting event which is taking place November 6, 7, 8 and 9.

**Next Meet Nov. 19**

When it appeared that the council meeting was over, came two of the evening's tougest porblems, namely, when to meet again and who was to be acting mayor. Sorum proposed November 14 as next meeting date, but that didn't meet with favor. And so city fathers sat about ten minutes until finally someone suggested Wednesday, November 19. That was the date chosen.

Following this, attractive high school student Tommie Lipps got to her feet to suggest quite neatly that the councilmen might show a little more courtesy to people attending meetings by speaking loudly enough to be heard. Acting Mayor Pershing thanked her for the criticism and was about to rap the gavel ending the meeting when he had a sudden inspiration.

"Say," said he, "I almost forgot. Who continues as acting mayor? Not I, because I've got to leave town tomorrow."

It appeared Ray Sorum didn't want the honor back either, because of his illness. But he finally accepted it.

# Scandinavians Visit Linus Home At Snow Creek

Enjoyable occasion for thirty-five members of the Scandanavian-American Art Society of the West and their guests was an outing last Sunday at the Snow Creek Canyon home and studio of Mr. and Mrs. Axel Linus and of Einar Petersen.

Linus is a famous painter who moved to Snow Creek from the East last February. This week he and his wife, with Karl Martinius, purchased the Casa del Camino bungalow group in Palm Springs.

Petersen, joint host with Mr. and Mrs. Linus last Sunday, is a Danish artist of note, who has a place next to that of the Linuses. The guests arrived about 10 o'clock in the morning, had a picnic lunch at the Linus place and spent the afternoon in pleasant recreation.

board a bus to San Diego. He is employed there by the Consolidated Aircraft company. According to word received by Bill Kelley, close friend of the Olderman boy, from the latter in the hospital, the Rocks' car was struck squarely in the side by another car driven by a woman.

Young Olderman disclosed that he has a broken pelvic bone and other injuries and it will be about eight weeks before he will be able to walk again. Mrs. Rocks, it was learned from her husband, was still unconscious Wednesday night and had taken a turn for the worse.

Driver of the other automobile was reported to be in the hospital also with a broken knee cap.

The accident occurred about ten or eleven miles this side of Riverside. The Rocks' car turned over three times from force of the impact.

# 200 High School Girls Take Part In First Play Day

From seven neighboring cities two hundred high school girls will flock to Palm Springs tomorrow, Saturday, to participate in the first Play Day ever to be presented by the Palm Springs high school.

Idea for the novel program was evolved by Miss Mary Hall, dean of girls and teacher of physical education for girls at the local high school. Cities participating will be Banning, Beaumont, Coachella, Hemet, Perris, San Jacinto, Twentynine Palms and Palm Springs.

As host group, the local girls are making the day's theme one distinctly western. They will wear western clothes and western terminology is being used to refer to various fields, activities and so forth.

The visitors are expected to arrive about 10 o'clock, have luncheon and entertainment at the high school and during the day indulge in various sports competitions such as basketball, baseball and tennis.

# Hutton Office Is Opened This Week

Facilities much appreciated by Palm Springs' important winter visitors were once more available this week when the E. F. Hutton office on the Desert Inn grounds was opened for the season Wednesday by local manager W. R. Jackson. This is Jackson's eleventh season in Palm Springs. Back also on the job is his assistant, R. H. Allison, who has been with the concern here for the past half dozen seasons.

(By Willard Hillery)

Hallowe'en passed without undue ruffled feelings by home or car owners. The youngsters had a good time and confined themselves to the use of soap, without having to be commanded, and many windows were washed and polished at the right time of the year by owners.

The ladies of the village, headed by Edna Cobb, put on a Hallowe'en dinner at the Town Hall on Saturday night, which was a huge success. Some eighty diners attended and after enjoying a fine dinner and social visit amid the pleasing decorations put up for the occasion indulged in some games. The dinner netted some thirty odd dollars, and when those ladies report net, it is net, for they pay for everything used and start the Town Hall off with a full tank of gas.

At the chamber of commerce meeting last Tuesday the report was hailed with applause. A unanimous vote was given to allow the ladies to purchase additional kitchen articles and use the funds as they desired.

* * *

The chamber meeting was well attended. This was due to the new mimeographed letters sent out emphasizing the items for discussion were of general interest. The garbage situation was reported as functioning satisfactorily and the committees were continued. President Cobb requested Mrs. David S. Becker to report on the Red Cross First Aid activity which has been undertaken here. As this activity is meant for either war or our terrible traffic hazard or any other disaster, it is something that should be taken up by as many men and women as can do so. Details can be had from either Mrs. Becker at her Casa Linda Apartments or from Mr. Cobb at the Cathedral Store.

The battle for street paving occupied most of the session, and it really looks as though unity has at last been achieved on the program of priority of streets to be paved.

It was unanimously voted by a representative gathering that Supervisor Robert E. Dillon be requested to pave Cathedral Canyon Drive with the continuation of Van Fleet, if a second street can be worked on. This decision was partly undone by another which named a committee to confer with the road authority as to possible damage to property that might result from paving that street. Should this committee's efforts result in no work being done on that street, then the second street to receive attention after Van Fleet would be Allen Avenue. The flood situation is still a considerable menace and relief from federal aid cannot be hoped for some years to come. In the meantime we should be allowed to withdraw from the Coachella Valley Storm and Water Districts as evidenced by petitions signed by most of the owners of improved property in Cathedral City.

Our artist colony members have settled down to their respective winter jobs. Agnes Pelton has some of her master canvasses on exhibition at the Desert Inn Gallery in Palm Springs. Billie Seaman has reopened her Del Sol Studio and has a number of students already enrolled for her always active classes. A newcomer this year is Charles Philip Krauth, recognized in art circles as a very able artist. Mr. and Mrs. Krauth, after residence in Laguna Beach and at Big Bear, have moved here and are occupying the L. Grace Green cottage. We know there are other artists here but some one of their number must repress their modesty and report the community activity of our artists.

New books added to the local free library are being placed on a shelf that will not be on the free list but will rent for 10c per week. These books will be chosen from the best sellers or for local interest. Three new books have just been purchased for this shelf: "Captain Paul", by Commander Edward Ellsbry, is a story of John Paul Jones written by a man who knows his subject. The second is "Barbarian" by Willard Price, and concerns characters in Commodore Perry's opening of Japan. This book is especially apt at this time. An historical novel that gives one history painlessly and with pleasure. The third book is "The Keys of the Kingdom" by A. J. Cronin; the life story of a priest. Cronin's novels are best sellers, which is the recommendation of the library board and Winnie Musselman, the librarian.

* * *

A public card party will be given by the library Thursday afternoon of next week at the Town Hall. The proceeds will go toward the purchase of additional up-to-date books for the rental department. Non-property owners will be required to make a deposit for these books. All other books are free.

Chet Mero tells us that from now on he will observe a full day schedue for his barber shop.

We muffed the news that the Gepfert boys, Morgan and Ken, with their respective wives, were here last week visiting their parents, Mr. and Mrs. C. M. Gepfert.

R. C. Robb and family have taken the Redwine-Petty cottage for the winter.

Mrs. Ethel M. Reinholt has reopened her Smoke Tree Lodge for the winter, returning from an extended stay in the East.

Miss Mary Overholt, popular pioneer resident, is here earlier than usual.

Mr. and Mrs. T. G. Young are at Desert View Court.

The Lions Club will sponsor a plan to have a number of Camp Haan boys come out and go singly or in twos to the various private homes for Thanksgiving Dinner, Thursday, the 20th. If any of our local residents would like to entertain the boys, will you get in touch with Mr. Hillery?

### Any News? Please Send It To Sun

News contributions in addition to the column written by Bill Hillery are most welcome contributions from Cathedral City people. So if you have a story and don't happen to contact Mr. Hillery, please mail it to The Desert Sun or drop it off at The Sun office on North Palm Canyon Drive in Palm Springs.

### Necessity of Sunday Schools To the Youth

By Mrs. O. D. Wenger

Right in your own neighborhood some of the fifteen million boys and girls who Christ needs are growing up to manhood and womanhood without any real knowledge of His love. But where is youth to find this training? And who is to be responsible for its training? First, in the Sunday school and second, the parents and teachers.

Unless the parents bring or send the youth to Sunday school they cannot be taught spiritual truths. And no substitute can ever replace God's word in lighting the divine spark that lies in the heart of every child. The tremendous responsibility rests on both the Sunday school teacher and the parents. With God's help let us do our part.

See that our youth are in Sunday school!

## IT HAPPENED ON HALLOWE'EN NIGHT

**This, dear readers, is not an object lesson for the W. C. T. U. opposition. Nor is it the sad case of a young man without a home. It is just Eddie Thayer of Kona Inn, mumbling in his beard the sad melody of the "Cesspool Blues." The plain, unvarnished truth is that Nature, or the law of resistance, or something, played a Hallowe'en prank on Mons. Thayer, who with his beautiful wife, own and operate the bungalow group north of El Mirador. Some time during the night an old cesspool right smack in the middle of the brand new lawn which the Thayers had nurtured so carefully, caved in. So there it was, a huge crater right before their noses next morning. And this is Eddie's first reaction to it. Photo by Doc Waughop.**

## Cathedral City Club Women Have Party In Colorful Canyon

Twenty members of the Cathedral City Woman's Club gathered around a colorful table amid Nature's beautiful setting at the mouth of Cathedral Canyon on Wednesday morning to enjoy a most delicious and tempting ham breakfast prepared by the hostess, Mrs. Marguerite Hillery, and her co-hostesses, Mrs. Ora Gepfert and Mrs. Edna Peterson.

The novelty of the breakfast was hot doughnuts heated over the camp fire in a muchly scarred shovel, prepared by C. M. Gepfert and served from the long handled shovel by the hostess. Claude Cobb came to the canyon and took pictures of the breakfast party, snapping a picture while the doughnut shovel was being passed over the table.

Mrs. Blanche Zinn, vice-president, very graciously presided over an enthusiastic meeting in the absence of the president, Mrs. Kathleen Naef. Preparations for the club's reciprocity day were discussed. The date was set for November 19th. The corresponding secretary, Mrs. Marguerite Hillery, was instructed to send invitations to all women's clubs in the valley district of Riverside county. This promises to be a gala affair and will be held in Town Hall.

## Scooter Riders Fail To Observe Stops, Arrested

Failure to make boulevard stops resulted in the arrest of two scooter riders last Sunday, Officer Ray Wilson doing the tagging in both instances.

The men, both cited to appear before Judge Guy Pinney here on Nov. 12, are George E. Sotzen of 1639 South Hobart street, Los Angeles, and Edward Marshall, 612 West 6th street, Madera, California. The latter also was charged with failure to have a driver's license in his possession.

## Gay Crowd Celebrates Desert Inn Opening Saturday Night; Occasion Also Is Mrs. Coffman's Birthday

Gathered in the Desert Inn's De Anza dining room Saturday night, a gay crowd of celebrants fired the opening gun of a brand new Palm Springs season. The occasion was a first-of-the-season dinner dance inaugurating the thirty-third year of Palm Springs hospitality extended by the Desert Inn.

Fitting it was that the opening day should fall on the birthday of Nellie N. Coffman, founder and owner of the Desert Inn. With her at her table were her sisters and brother-in-law, Mrs. Edna E. Coffman and Mr. and Mrs. A. W. Broughton, all of Los Angeles. Scores of other guests dropped by to serenade and congratulate the first lady of Palm Springs.

**Newly Weds Honored**

At the young set table Mr. and Mrs. Thomas Kieley (Betty Coffman), who were wed in August, were guests of honor. At the long table decorated with bridal white flowers were Misses Inez Morrison, Juin Crawford, Bernice Strebe, Annette Chambers, and Margaret Durne.

Messrs. and Mmes. Earl Lykken, William Marvin, Joe Henderson, Paul Summers, and Jack Chambers; and Messrs. Joe Omlin, Victor Stumpf, Charles Bosworth, John Briggs Bosworth, J. T. Sanders, and Bud Foster.

At another large dinner party Mrs. Elizabeth Adams entertained a group of friends. Among them were Mr. and Mrs. Alan Creary, the George Robersons, Mr. and Mrs. Alvah Hicks, the Joe Wesley Smiths, Mr. and Mrs. David Bricker, Mrs. Marie Glover and her niece, Miss Margaret Myers, and Mr. and Mrs. Clarence Beesmyer.

**Wedding Anniversary**

On the occasion of their thirtieth wedding anniversary Mr. and Mrs. J. D. Minster were honored by Mr. and Mrs. Earl Coffman. At their table were the H. E. Pattersons, Mrs. H. H. Quackenbush, Virgil Davidson, and Mrs. Grace Moss.

Mrs. H. H. Timken, prominent social leader from Toledo, Ohio, Mrs. W. R. Drummond, and Mrs. William W. Jenney were guests of Mr. and Mrs. Thomas A. O'Donnell at the opening.

## Former Airport Manager Here Is Isenagle Guest

Spending a few days as the house guests of Mr. and Mrs. Cecil Isenagle are Mr. and Mrs. Gus Parrish of Santa Maria, and their two children.

Parrish was manager of the Palm Springs Airport for a number of years. He went to the central California city several years ago to take over an important post as instructor of army cadets and continues to be engaged in this highly valuable work.

## Local Hair Stylist Wins Coveted Gold Trophy

Ann Portnoy this week announced the return of capable and popular hair stylist Jane Lewis to the staff of the Powder Puff Beauty Salon, located on Palm Canyon Drive next to Goff's El Morocco Hotel.

Miss Lewis returns to the desert fresh from another triumph at the 1941 annual convention of the Los Angeles Coiffure Guild, where she won the supremacy award, or first prize, for creating the most outstanding and original coiffure. The convention was held Oct. 26-27 at the Biltmore Hotel.

Together with her model, striking brunette June Vogel of Balboa and Palm Springs, Miss Lewis represented the Powder Puff in the stiff competition for the coveted gold trophy which goes to the first prize winner. The trophy now resides on a conspicuous display shelf at the Powder Puff.

Miss Lewis, a former co-owner of Jane & Helen's Beauty Salon, will be a hair stylist at the Powder Puff this season.

## Sports Highlights

By DICK McGONAGLE

Accurate blocking and alert ball-carrying gave the Palm Springs Indians two touchdowns for their sixth straight victory last Saturday afternoon, and good defensive play, sparked by the brilliant performance of Sid Sanard kept the visiting Excelsior High team from scoring. All 12 points were scored in the third quarter.

In the first half the Indians drove past the Excelsior 20-yard line three times but the visitors dug their cleats in and held them each time. The second quarter ended with the Indians in possession of the ball only two yards from pay dirt.

Palm Springs came back on the field in the third period determined to keep their record clean, and by four plays after receiving the kickoff Herb Lienau swept off tackle, then lateralled to Tommy Haynes, who, racing down the sidelines, outran his pursuers. The play covered 70 yards.

**Punt Is Blocked**

Later in the third quarter Sid Sanard blocked an Excelsior punt to give the Indians the ball on the opponents' 10. The second touchdown was made a few plays later, when Tommy Haynes drove around end behind flawless blocking from the two-yard line.

These two scores seemed to break the morale of the invaders for their attack lost its punch. In the fourth period Coach Glover withdrew part of the Indian starting team, but Richard Mendoza led another drive which went to the Excelsior eight before being stopped by a fumble.

Backfield stars were Haynes, Lienau, and for his valuable blocking, Bob Guyer. On the line Sid Sanard was the shining light with plenty of help given by Ed McDaniel and Bill Foster.

**Only One Injury**

The only injury of the game was the center, Foster, who had to be removed from the contest in the third quarter with a badly bruised leg. The only other center, Dave Etchason, was out with an injured hip so Fullback Joe Sandeffer was sent in to finish the game.

The starting lineup: Left end, Chavez; left tackle, McGonagle; left guard, Levi; center, Foster; right guard, McDaniel (captain); right tackle, Sanard; right end, Frost; quarterback, Guyer, left halfback, Haynes; right halfback, Morgan, fullback, Lienau.

The crucial game of the year will be played here today. The Beaumont Cougars, who also are undefeated, are the visitors, and the game will be played for the league championship. In the five games played between the two schools, Palm Springs has scored only six points to the Cougars' 125. The Indians will be trying with all they've got to win their first pennant. The game starts at 2:15 sharp.

## Bowling Them Over

### In Palm Springs

News of the Palm Springs Bowling Academy

(By E. KENT ROSE)

**Pace in Ladies' League Picks Up**

A new high team series and high team game featured a quickened pace in the Palm Springs Ladies League last Monday night. The Devine's Market team set both standards with a 2385 series and 840 game. Gladys Murray was high for the team with 504. Margie "Champ" Morris came through with 497 to help the cause along. This was a little too good for Banning Texaco who fell 3 to 1. Jane Miller with 458 was high for the losers. Chi-Chi whopped the unfortunate Annette's Beauty Salon team 4 to 0. Irene Foldesy was high with 490. The Community Laundry held onto the league lead with a well-earned 3 to 1 win over Sandwich Shop. Florine Spellman was high in this match with 510. At present there are 7 girls in this league with averages over 150. A very creditable showing indeed!

**City League Under Way**

The new Palm Springs City League got off to a flying start last Wednesday. Banning Texaco, paced by a swell 668 scratch from Toby Curtis, won over Marcus' Cafe 3 to 1. Modern Amusements took last year's champs, Smoke Tree, 3 to 1. The feature match of the evening found Frank Portnoy's Playboys downing Father O'Connor's Catholic Club 3 to 1. Stars of this match were Frank Portnoy with 357 and Eddie Grame with 577. Lee Baker was high for the Catholic Club with 466. Banning Texaco was really the rough club in this league with the Curtis boys, Toby and Norman, Andy Guerth, Mike Obst and Doyle Williams pounding out a 1074 first game and a 2965 series.

**Classic League Notes**

Both Palm Springs Classic League teams accounted for overwhelming wins last week and both teams were very consistent in their wins. Coca Cola journeyed to Redlands where they took the Pinkies Cafe team 3 to 1, shooting 2909 to do this. The Village Sandwich Shop walloped the Eastside team of Redlands 4 to 0 with a series of 2994. These wins moved the Sandwich Shop team to within one point of first place while the Coca Cola outfit moved to within one point of the first division.

**Major League Notes**

The pace in the Major League continued hot and fast. Banning Nite Spot took a firmer hold on first place with a 2 to 1 win over La Plaza. Morrie Gutches with 590 was high for Banning while John Miller with 596 was high for the losers. Valley took Associated Service 2 to 1, but Associated took evening high game honors with a fine 1026 second game effort. High in this match were Jack Kramer with 631 and Blake Bevill with 619 for Valley, while Captain Walt Hake had 622 for the A's. Armstrong Dairy took Gibbs Drugs 2 to 1. Feature of this match was a swell 253 game by Capt. Larry Sitter of the Gibbs crew. This is high game for the month and gives Larry first hold on the hand-tooled belt and buckle donated by the Frontier Shop.

**Frontier Shop Donates Belts**

For the high single game with handicap in the ladies' league, and the high scratch game in the major league, the Frontier Shop has donated hand-tooled leather belts with silver buckles. This generous gesture on the part of Al Stein really gives the guys and gals something to shoot for.

Rosettes: Larry Sitter's 253 in the Major was a dandy, his highest game of the year. . . . Tony Chamberlain of DeVine's team continues to bowl well. Her second league effort saw her average soar to 124. Four weeks ago this gal didn't know how to bowl at all. . . . Toby Curtis' 668 in the City League is the highest scratch series shot on the P. S. alleys this season.

## Jordan Opens New Massage Parlor In Royal Palms

Specializing in physio-therapy and massage for both men and women, Robert J. Jordan last week opened a masage parlor in the Royal Palms Hotel. He formerly was in the same business in Beverly Hills and in Reno, Nevada. Jordan is offering cabinet baths, colonics, slenderizing treatments, diathermy and electro-therapy. He will be available for home calls with portable equipment.

A lot of persons worry about a new national anthem. And just what is wrong with what we have?

**All Stars Beat Marine**

This week's activities in softball at the Field Club were most interesting.

Into our village last Monday rolled a contingent of the United States Marine Corps, and right away, with "blood in their eye," their championship ball team accepted a challenge to a game which was played on Wednesday night against our All-Star team, picked from Palm Springs softballers and managed by Milt Hicks, hustling manager of the Lumberjacks.

The Marines were somewhat handicapped, as this was their first game played under the arcs. But it could be seen that their team was well coached. It gave the All-Stars a good game, although losing 7 to 0, demonstrating a spirit and sportsmanship to be admired. It is to be hoped that more of these games can be arranged.

**Little World Series**

The Palm Springs Little World Series got under way on Thursday night when those hustling Rinkydinks crossed bats with the Contractors in a two out of three play-off for the Palm Springs championship.

The Contractors drew first blood in a game packed with thrills as each player was giving his heart to get the jump in that first contest.

The night was warm and some five hundred fans were on hand to cheer their favorites. The game went into extra innings when the Rinkydinks came through with two runs in the ninth inning to tie the old ball game.

Both Hare, pitcher for the Rinkydinks, and Art Rubidoux, in the box for the Contractors, were in fine form and the fans were treated to an exhibition of major league pitching.

In the tenth inning the Contractors came through with a well-earned run and got the jump in the play-off, winning the game, 3 to 2.

Next game will be next Tuesday evening.

**State Guard Benefit**

This coming Sunday will see the first of the daylight games when the Lumberjacks meet the Contractors in a contest for the benefit of the Palm Springs State Guard. Funds raised will be used for the purchase of equipment such as field jackets and other sundries which are much needed.

In speaking of this unselfish spirit demonstrated by these two ball teams may it be said that all the officers and men of the State Guard feel that in this community they will not want in time of need, inasmuch as all organizations here have given assurance that Palm Springs' own Company M of the State Guard will be one of the finest in the entire state.

The game starts at 1:30 o'clock and those two great softball pitchers, Malcolm Priest and Al Strickland again will lock horns in a game which should have everyone gaga.

There will be no admission charge, but the old hat will be passed and we know everyone present will do his part as a patriotic gesture and in appreciation of a grand game. So come on down, folks, and enjoy an afternoon of real pleasure.

**Attention Girls**

Through the inspiration of Dick Taylor, our recreation director, this idea pops forth. Why not have a girls' team or two in the town. There are many girls in Palm Springs who desire to play softball. And why not? They play everywhere throughout the country.

Girls are eligible to play from fifteen years on up. Use your own judgment as to age.

So be there Sunday, girls, directly after the game. All girls will have a chance to show their ability.

## CLASSIC LEAGUE BOX SCORE

Scotty McCutchen, with 622, led the Village Sandwich Shop team to a smashing 3 to 1 win over the Bailey H. Patterson team of Riverside at Riverside. This knocked the Patterson bunch out of first place in the Classic League.

The local team hung up a high 1054 first game to lead the league in this department. Late reports show the other Palm Springs team downed the Wieland Beer team of Riverside 4 to 0 on the local alleys.

# Council Grants Murray Extended Leave of Absence

At their meeting Wednesday night, members of the city council granted fellow member Bob Murray a requested leave of absence extension of sixty days. Councilman Murray has been away from Palm Springs since the middle of the summer.

Read by City Manager John Lange was the proclamation issued by Acting Mayor Ray Sorum recently asking cooperation in the Navy recruiting campaign.

Resignation of Clarence Simpson as member of the library board was accepted. James C. Geggie, long a member of the group, was reappointed to the office by Mayor Philip L. Boyd with the council's approval. Boyd is still in the east but had a letter before the board recommending the appointment for council approval.

Matter of a city seal was brought up by Lange. He emphasized need for such a seal and suggested that the council might consider appeal to residents and school children to cooperate and possibly offer some reward for a suitable design. He was asked to make further check in the matter.

# Lounge At Royal Palms Presents Fine Entertainment

Something different in entertainment is presented by Earl Gray of the Royal Palms in Helen Wilson, "The girl with the violin voice," who will entertain nightly for one week from November 8 to 15 in the Rainbow Room of the Royal Palms Lounge.

Says Gray, "Miss Wilson's act is something entirely different. And I can honestly say she is well worth seeing and hearing."

Miss Wilson recently won first prize in "Tune Out Time," popular radio program and was a sensation at the Maskers Club in Hollywood.

**New Garden Room**

Tomorrow also Gray will introduce his new Garden Room to Royal Palms patrons. This is an "outdoor garden indoors" with beautiful lighted fountain and fireplace. There will be a la carte service with steaks and fried chicken featured.

Appearing on the entertainment program at the Rainbow Room with Miss Wilson are Don Auble, a piano player of marked ability, and Joe Simmer, who can do remarkable things with an accordion.

# "SADIE, THE SOUTH SEA LADY"

**An amusing young person is Miki Wiki, one of the featured entertainers at Waikiki, exotic cocktail lounge in the Hawaiian motif, located on North Palm Canyon Drive, which has its grand opening this (Friday) evening. Here Miki Wiki is seen as "Sadie, The South Sea Lady," one of her best bits. She did her ingenious Hawaiian comedy dances at the Seven Seas in Hollywood during the summer. Co-starred with her at Waikiki is Iwalani, the lovely Hula hands girl. The Waikiki Trio, direct from screen work at one of the major Hollywood studios, does the instrumental honors on the entertainment program.**

# Palm Springs Desert Museum Loses Director Lloyd Mason Smith; Will Appoint Successor in Near Future

**Distinct loss to the Desert Museum and to the community is that of Director Lloyd Mason Smith, who has been inducted into the Army and whose resignation was accepted with much regret by the trustees of the Museum at their meeting Monday. The personable young man served all of last season as director, handling his job most ably and carrying the Desert Museum through its first season with gratifying success.**

Smith, following his induction into the Army has been stationed at Rockford, Illinois. During his year's residence here he made a wide circle of friends, established the Museum as a most important city asset and made its trips into the nearby desert country most popular regular features.

**Trustees Regret Loss**

Speaking for the trustees, Edwin F. Leigh, treasurer of the Palm Springs Desert Museum said, "It is most unfortunate that the highly satisfactory and able services of Mr. Smith are to be no longer available, but the trustees are now considering several applicants for the position and shall shortly announce the name of the new director and set a definite date for opening of the museum."

Although operated for a year previously in the Plaza, the Desert Museum really began full operation in its own headquarters, the east wing of the new library building, last season. Some outstanding exhibits were arranged for by Director Smith. He also wrote throughout the season a most engrossing column called "Hammada," which appeared in The Desert Sun.

service. During their stay the Marines saw the town, the officers and many of the men were entertained by villagers, their softball team contested with a local team Wednesday night and the lads enjoyed a welcoming visit by a group of pretty high school girls, supervised by Miss Mary Hall, head of the girls' physical education department Tuesday afternoon. The girls chatted with the boys, looked over their encampment and inspected their motorized equipment.

# Stock Letter For This Week

(By H. de La Chapelle)
(Written as of close Nov. 6, 1941)

In the matter of estimating the chances for a worthwhile trading turn from 118-117, the "key" to this possibility should now be provided on the current setback that was to be expected following the first flush of recovery from 117.40 a week ago to 120.34 on Wednesday. Favorable in its implications would be a progressively waning decline over a period of days, say into early next week, that would hold recent low points in one or both "averages". Unfavorable, of course, would now be the development of pressure in both departments of the market following the late 3-day run-up. This, however, is not believed likely. Likewise, unfavorable to any worthwhile extension of the recovery would be a rally over the week-end (on the heels of a Thursday-Friday correction) that early next week would fail to better Wednesday's highs.

The fact that the rails did not carry through on the upside following what appeared to be a relatively favorable proposal may mean one of two things. Either the effects of the proposals are worse than would appear on the surface, or the rails, by holding up much better than the industrials during the 3-month recession from the summer peak, were discounting a better-than-popularly-expected decision, in which case Wednesday's colorful performance could have represented a so-called "blow-off". As a matter of fact, the rail volume of some 138,000 shares, as against a net gain for the day of only 55 cents, was suggestive of an ample supply situation. Daily rail volume over the past several weeks has been "averaging" only 30,000 shares per day.

## Haas Has Highest Bridge Score

With 4,520 points to his credit, Dick Haas was high scorer in the weekly community bridge party Thursday night at the city council chambers. In winning, Haas proved that a good bowler can also be a good bridge player.

**Map Is Published**

It was called to attention that the new Desert Rider map in two colors is just off the press. This year it includes a greater area than ever before. It is a double sided proposition with the back devoted to printing matter which describes the various trips and points of interest, such as the canyons, tells the rules and regulations of the Desert Riders and bears other relevant information.

The map is free to members of the organization but it on sale at a small cost to others at the chamber of commerce offices, the Raymond Cree offices and the Paul Grimm gallery. Bee Nicoll is the local artist who created the interesting map. Preparation was substantially assisted by cooperation of the United States Forestry Service.

guilty by a jury in the court of the late Judge Albert Hoffman of violation of the city ordinance by conducting a used car sales business in an area not zoned for that purpose. The case took four days to try.

**Appeals Case**

Subsequently he was fined and then appealed his case to Superior court. He was represented by Walter P. Rouse, former city attorney of Indio.

The case for Palm Springs was handled then and throughout by City Attorney Roy Colegate.

Because the record was so lengthy it took a long time to settle it at Riverside. The case finally came before Superior Judge O. K. Morton last April. There it was argued most extensively, briefs were filed and the case went on and on.

**Validity Attacked**

In the appeal Attorney Rouse attacked the validity of the ordinance on a number of grounds, he attacked the local ruling by Judge Hoffman and various phases of the records. City Attorney Colegate vigorously and effectively upheld the city's cause.

And finally last Saturday, after the case has been before local and Riverside courts for a full year and a half, Judge Morton upheld the city's contentions in every point and affirmed the judgment of the city court. His ruling thus means that Ordinance No. 75, which governs the use of land in the entire town, has been legally tested and found strong and valid.
